SUBJECT INDEX FOR VOLUME 22

Abdominal aorta, pressure pain of, 111
Accreditation, of gastroenterology program, 255
Adenocarcinoma, of esophagus complicating Cornelia de Lange syndrome, 131
Adenoma
  periampullary, 237
  villous, of common bile duct, 77
Adenomatous polyposis, familial
  clinical enteroscopy and, 231
  endoscopic treatment of ampullary adenomas in, 237
AIDS
  colonic mass lesion due to cytomegalovirus in, 41
  lymphoma of liver in, 51
  pneumatosis cystoides intestinalis in, 311
Albumin, in large-volume paracentesis, 207
Alcoholic liver disease, *Mycobacterium avium* complex peritonitis with, 245
5-Aminosalicylic suppository, adverse effects of, 160
Ampullary adenoma, in familial adenomatous polyposis, 237
Ampullectomy, in familial adenomatous polyposis, 237
Amyloidosis
  pneumatosis cystoides intestinalis as complication of, 74
  renal, complicating Crohn's disease, 308
Anaplastic carcinoma, in ectopic pancreas, 242
Anastomosis, duodenocolic, colonic carcinoma after, 244
Angiodysplasia of minor papilla, upper gastrointestinal hemorrhage from, 138
Antioxidant, in chronic gastritis and *Helicobacter pylori* infection, 275
Antiparasitic drugs, for inoperable liver echinococcosis, 246
Antiphospholipid syndrome, ischemic stroke in Crohn's disease patient with, 141
Antituberculosis therapy, hepatotoxicity due to, 211
Antrum
  atrophy of, *Helicobacter pylori* serology in chronic gastritis with, 182
  nodularity with *Helicobacter pylori* infection, 227
Aortic pressure pain, clinical significance of, 111
Ascaris infestation, biliopancreatic, sonography in early diagnosis of, 48
Ascites
  in nephrotic syndrome, 31
  refractory, large-volume paracentesis for, 207
Ashkenazi Jews, ulcerative colitis in, 288
Aspirate, with peptic ulcer bleeding, 267
Aspirin
  bleeding time and GI bleeding with, 96
  prolonged use of, 282

Benzyl alcohol, in endoscopic injection sclerotherapy, 58
Beta-lactams, diarrhea and *Clostridium difficile* toxin in stools with, 161
Bile duct
  common, villous adenoma of, 77
  damage to in hepatitis C, 121
Biliary cholesterol, in gallstone patient in northern India, 23
Biliary disease, in elderly, 21
Biliopancreatic *Ascaris* infestation, sonography in early diagnosis of, 48
Biologic markers, soluble CD44 isoforms as, 107
Biopsy
  endoscopic duodenal, 157
  percutaneous liver, automated device for, 325
Biopsychosocial model, of gastrointestinal illness, 252
Bleeding time, prolonged, NSAIDs and, 96
Bloody aspirate, with peptic ulcer bleeding, 267
Book review
  psychosomatics, psychoanalysis, and inflammatory disease of the colon, 330
Bowel, obstruction of with parastomal hernia, 218
Brush cytology, for *Helicobacter pylori*, 317
Budd–Chiari syndrome, polycythemia vera with, 76

Calcinosis, gastric mucosal, with dyspepsia, 156
Cancer/carcinoma
  anaplastic, in ectopic pancreas, 242
  colonic, after duodenocolic anastomosis, 244
  esophageal, 35
  fibrolamellar of liver, 79
  gastric
    α-fetoprotein-producing, 150
    gastric antioxidant, nitrites and, 275
    metastatic, CD44 isoforms as potential markers of, 107
    p53 protein genomania in, 170
Carbohydrates, refined, in gallstone patient in northern India, 23
Case control study, of gallstone patient in northern India, 23
CD44 isoforms, soluble, in metastatic gastric carcinoma, 107
Celiac sprue
  previous misdiagnosis and diagnostic delay in, 324
  primary sclerosing cholangitis with, 71
Cell cycle, p53 in, 170
Childhood, pancreas divisum and pancreatitis of, 16
Cholangitis, primary sclerosing, with celiac sprue, 71
Cholesterol, biliary, in gallstone patient in northern India, 23
Chronic renal failure, upper gastrointestinal hemorrhage in, 2
Cirrhosis
  in hepatitis C, 121
  ischemic hepatitis in, 126
  with refractory ascites, 207
Clindamycin, diarrhea and *Clostridium difficile* toxin in stools with, 161
Clinical enteroscopy, 231
Clinicopathologic study, of segmental enteritis, 6
Clostridium difficile
  colitis, whole-bowel irrigation for, 186
  enteritis, after total abdominal colectomy, 45, 329
  toxin in stools of hospitalized patients receiving clindamycin, beta-lactams, or nonantibiotic medications, 161
Coffee-grounds aspirate, with peptic ulcer bleeding, 267
Colchicine, for renal amyloidosis, 308
Colectomy, total abdominal, fatal *Clostridium difficile* enteritis after, 45, 329
Colitis
  Clostridium difficile, whole-bowel irrigation for, 186
  fulminant herpes, with Crohn's disease, 220
  lymphocytic, collagenous gastritis associated with, 134
  microscopic, causing large bowel diarrhea, 11
  ulcerative
    increased prostaglandin E_2 and leukotriene B_4 in, 117
    sulfur gas and in Ashkenazi Jews, 288
Collagenous gastritis, with lymphocytic colitis, 134

Colon
carcinoma of, after duodenocolic anastomosis, 244
ganglioneuroma of presenting as filiform polyposis, 66
mass due to cytomegalovirus in immunocompromised patient, 41
slow motility of, 190
ulceration of from systemic NSAIDs, 224
Colonic mucosal cell isolation, increased prostaglandin E_2 and leukotriene B_4 in, 117
Common bile duct, villous adenoma of, 77
Community hospital, gastroenterology program in, 255
Constipation, chronic idiopathic, 190
Contrast medium, in endoscopic injection sclerotherapy, 58
Cornelia de Lange syndrome, adenocarcinoma of esophagus with, 131
Cough, chronic, excluding gastroesophageal reflux disease as cause of, 168
Crohn's disease
antiphospholipid syndrome manifested by ischemic stroke in, 141
fulminant herpes colitis with, 220
impaired pancreatic function in, 202
increased prostaglandin E_2 and leukotriene B_4 in, 117
mesenteric fibromatosis in, 147
postoperative recurrence in fistulizing and stenotic, 114
renal amyloidosis complicating, 308
Cryptosporidiosis, AIDS-associated, pneumatosis cystoides intestinalis in, 311
Cytomegalovirus
colonic mass lesion due to, 41
gastritis, in immunocompetent patient, 322

Death, after total abdominal colectomy, 45, 329
Dental plaque, in transmission of *Helicobacter pylori* infection, 174
Desmoid, in Crohn's disease, 147
Dextran 70, in cirrhosis with refractory ascites, 207
Diagnosis
delayed, in adult celiac sprue, 324
ultrasonographic, 48
Diarrhea
chronic, microscopic colitic causing, 11
clinical enteroscopy and, 231
in hospitalized patients receiving clindamycin, beta-lactams, or nonantibiotic medications, 161
Dicloxacillin, granulomatous hepatitis after, 163
Dietary habits, of gallstone patients in northern India, 23
DNA repair, in gastric cancer, 170
Duodenogastric reflux, in postcholecystectomy syndrome, 197
Duodenoscopy, side-viewing, for angiodysplasia of minor papilla, 138
Duodenum
endoscopic biopsy in early detection of strongyloidiasis, 157
ulcer
gastrin levels and gastric acid output after *H. pylori* eradication in, 90
healing, psychologic predictors of, 84
seasonal fluctuations of *Helicobacter pylori* infection and, 178
Dyspepsia
gastric mucosal calcinosis with, 156
in postcholecystectomy syndrome, 197

Echinococcosis, inoperable liver, 246
Editorial
excluding gastroesophageal reflux disease as cause of chronic cough, 168
gastrointestinal illness and biopsychosocial model, 252
genomania of p53 protein in gastric cancer, 170
Yale-affiliated gastroenterology program, 255
Elderly, endoscopic retrograde cholangiopancreatography in, 21
Endoscopic injection sclerotherapy, 11-year survey of safety and efficacy of, 58
Endoscopic retrograde cholangiopancreatography
in fibrolamellar carcinoma of liver, 79
for hereditary pancreatitis and pancreas divisum, 16
in octogenarians, 21
Endoscopy
for ampullary adenomas in familial adenomatous polyposis, 237
duodenal biopsy, in early detection of strongyloidiasis, 157
early or delayed for peptic ulcer bleeding, 267
family member present during, 272
ultrasonographic, in watermelon stomach diagnosis, 104
Enteritis
Clostridium difficile
after total abdominal colectomy, 45
fatal, 45, 329
collagenous, with lymphocytic colitis, 134
necroticans, clinicopathologic study of, 6
segmental, clinicopathologic study of, 6
Enteroscopy, clinical, 231
Enzyme-linked immunosorbent assay, for metastatic gastric carcinoma, 107
Erratum
Personality deviation and gastric motility in patients with functional dyspepsia, 249
Esophageal gastroduodenoscopy, family member present during, 272
Esophagogastric varices, 11-year survey of safety and efficacy of sclerotherapy in, 58
Esophagus
adenocarcinoma of complicating Cornelia de Lange syndrome, 131
ectopic pancreas in distal, 242
papillomatosis of, 35
tuberculosis of with intramural pseudodiverticulosis, 38
varices
in ischemic hepatitis, 126
in portal hypertension, 28
European Duodenal Club, XXI meeting of, 154
Exogastric growth, in α-fetoprotein–producing gastric cancer, 150
Extrahepatic biliary atresia, seasonal variation in during infancy, 292

Fellowships, gastroenterology, 255
α-Fetoprotein–producing gastric cancer, exogastric growth pattern in, 150
Fiber, dietary, in gallstone patient in northern India, 23
Fibrolamellar carcinoma, liver, endoscopic retrograde cholangiopancreatographic appearance of, 79
Fibromatosis, mesenteric, in Crohn's disease, 147
Fibrostenotic obstruction, postoperative recurrence, 114
Filiform polyposis, colonic ganglioneuroma presenting as, 66
Fistulizing Crohn's disease, recurrent, 114
Fluorescein dilaurate test, for impaired pancreatic function, 202
Free radicals, in chronic gastritis and *Helicobacter pylori* infection, 275

Gallstones
dietary habits and, 23
in postcholecystectomy syndrome, 197
Ganciclovir, for active hepatitis B virus in heart transplant, 144
Ganglioneuroma, colonic, presenting as filiform polyposis, 66
Gastric acid
output after *H. pylori* eradication, 90
seasonal changes in with *Helicobacter pylori* infection changes, 178
Gastric antioxidant, in chronic gastritis and *Helicobacter pylori* infection, 275

Gastric cancer
α-fetoprotein-producing, 150
p53 protein genomania in, 170
Gastric lymphoid hyperplasia, with *Helicobacter pylori* infection, 227
Gastric mucosa
calcinosis of with dyspepsia, 156
growth markers and prolonged aspirin use, 282
Gastric vascularectasia, endoscopic ultrasonography for, 104
Gastrin, basal and stimulated levels of with *H. pylori* eradication, 90
Gastritis
after *H. pylori* eradication in, 90
chronic, with antioxidant, nitrites, and mucosal lipoperoxidation, 275
collagenous, with lymphocytic colitis, 134
cytomegalovirus, in immunocompetent patient, 322
Helicobacter pylori serology in, 182
Gastroenterology program, Yale-affiliated, 255
Gastroesophageal reflux disease
adenocarcinoma of esophagus and, 131
as cause of chronic cough, 168
Gastrointestinal hemorrhage
clinical enteroscopy and, 231
jejunal phlebectasia presenting with, 215
NSAIDs and, 96
upper
from angiodysplasia of minor papilla, 138
in chronic renal failure, 2
Gastrointestinal tract
biopsychosocial model for illness of, 252
discomfort of in irritable bowel syndrome, 111
upper, self-expanding metal stents for obstruction of, 261
Genomania, of p53 protein in gastric cancer, 170
Gestational hyperlipidemic pancreatitis, plasma exchange for, 295
Glutathione, in chronic gastritis and *Helicobacter pylori* infection, 275
Granulomatous hepatitis, after dicloxacillin therapy, 163
Growth markers, in human gastric mucosa with aspirin administration, 282

Heart transplant, ganciclovir treatment for active hepatitis B virus infection in, 144
Helicobacter pylori
infection
achieving 100% cure rate for, 313
antral nodularity and gastric lymphoid hyperplasia with, 227
brush cytology to detect, 317
dental plaque in transmission of, 174
gastric antioxidant, nitrites, and mucosal lipoperoxidation in, 275
gastrin levels and gastric acid output after eradication of, 90
seasonal changes in and duodenal ulcer seasonal changes, 178
serology, in chronic gastritis, 182
Hemorrhage
massive gastrointestinal with jejunal phlebectasia, 215
peptic ulcer, endoscopy for, 267
upper gastrointestinal
from angiodysplasia of minor papilla, 138
in chronic renal failure, 2
Hepatic hydrothorax, transjugular intrahepatic portosystemic shunt for, 305
Hepatitis
granulomatous, after dicloxacillin therapy, 163
ischemic, in cirrhosis, 126
morphological spectrum of, 121
Hepatitis B virus
ganciclovir treatment for in heart transplant patient, 144
HIV infection and in homosexual men, 299
Hepatitis C, morphological spectrum of, 121
Hepatotoxicity, due to antituberculosis therapy, 211
Hereditary pancreatitis, pancreas divisum and, 16
Hernia, parastomal, small-bowel obstruction with, 218
Herpes simplex virus, in Crohn's disease, 220
Histology, *Helicobacter pylori*, 182, 317
Homosexual men, interaction of HIV and HBV infections in, 299
Hospital, gastroenterology program in, 255
Human immunodeficiency virus infection, hepatitis B virus infection and in homosexual men, 299
Human papillomavirus, esophageal, 35
Hydrogen sulfide, in ulcerative colitis, 288
Hyperlipidemia, plasma exchange for, 295
Hypertension, portal
ascites and in nephrotic syndrome, 31
evaluation of splenomegaly in, 28
splenic artery occlusion masking, 326
Hypoalbuminemia, ascites and in nephrotic syndrome, 31

Immunocompetent patient, cytomegalovirus gastritis in, 322
Immunocompromised patient, colonic mass lesion due to cytomegalovirus in, 41
India
dietary habits of gallstone patients in, 23
microscopic colitic causing large bowel diarrhea in, 11
Infant, seasonal variation in extrahepatic biliary atresia of, 292
Inflammatory bowel disease
increased prostaglandin E_2 and leukotriene B_4 in, 117
psychosomatic and psychoanalysis in, 330
symptomatic response to omeprazole in, 159
Intestinal tract
obstructed, in sclerosing encapsulating peritonitis, 54
slow transit in chronic idiopathic constipation, 190
Intramural pseudodiverticulosis, esophageal tuberculosis with, 38
Irritable bowel syndrome
aortic pressure pain and, 111
psychosocial factors in, 252
Isoniazid, hepatotoxicity due to, 211

Jejunal phlebectasia, with massive gastrointestinal hemorrhage, 215

Legal issues, of gastroenterology (letter), 165
Letters to editor, 165, 329
Leukopenia, with 5-aminosalicylic suppositories, 160
Leukotriene B_4, increased synthesis in inflammatory bowel disease, 117
Liability (letter), 165
Lincomycin, diarrhea and *Clostridium difficile* toxin in stools with, 161
Lipoperoxidation, in chronic gastritis and *Helicobacter pylori* infection, 275
Lipoprotein apharesis, in gestational hyperlipidemic pancreatitis, 295
Liver
alcoholic disease of, *Mycobacterium avium* complex peritonitis with, 245
biopsy, evaluation for, 325
fibrolamellar carcinoma of, 79
inoperable echinococcosis of, 246
lymphoma of in AIDS, 51
Lumiaggregation, NSAIDs and, 96
Lymphocytic colitis, collagenous gastritis with, 134
Lymphoma, liver, in AIDS, 51

Malignant obstruction, self-expanding metal stents for, 261
Malnutrition, with antituberculosis therapy, 211
